D/C Ferguson,

The City is standing up a Virtual mini EOC structure that will see a variety of City partners engaged. The EOC is being set up specifically for the planned truck demo, it will have a similar structure to NALs and the Canada Day events. Keeping in mind that they are already stood up to run the Covid and Vaccination EOC. The Truck Demo EOC will support the NCRCC Command as they are functioning as the Area Command. At this time, the Police rep has been identified as by Sgt. Roberts. They will be coordinating their sitreps from the sitreps provided by the NCRCC. Essentially, Sam will be the conduit of information from the NCRCC to the City EOC. They will be operating from Friday to Monday, and may be extended depending on the duration of the demo.

There is a meeting scheduled for tomorrow where the operational rhythm for the weekend will be discussed.

Russell,

I'm just a phone call away if you need something.

Thanks,

Paul

D/C,

I'm around all weekend and can plug a hole when and where needed.

A/Supt. Paul A. Burnett (20305) M.O.M.

Michel,

I wonder if I could ask you to look at developing a "demobilization plan" for this event. With the caveat that we would like to have them advised to move Sunday in the evening hours (to be determined).

I am hoping to get something done with considerations for how we can get the city back to normal functioning.

I am not entirely sure what goes in to such a document, but figured you might be able to get something started. Also, if its too much on top of your plan for the station, let me know, alternatively, if there is someone else you think could assist who is not already slammed, I can reach out there too.

I'm just not sure of who else would have this skill.

Thanks,

Trish

Bonjour Michel,

I wonder if I can task you with looking after the security and access to 4747 Elgin for Saturday and Sunday? We will need to make sure that we continue to have access and that our people are able to come and go.

Would you be able to assign some of your fixed folks for the task and provide a plan that we can share with Russell's team so they are aware.?

Merci,

Trish

Works great for me. I would prefer he look for solutions using his available resources. We have a bit of a cushion but I don't want to overextend what we have. (Our ESU will be staged at Elgin

I would like to task Michel with the securing of access to 474 Elgin – would that be okay with you. I flagged it to Louis yesterday, but if you are okay with it, I will ask him to come up with a plan.

Good morning,

Apologies for the delayed update. Our plates were full and this fell off the table and wasn't noticed

- The plan continues to be very fluid and the team was working on some significant changes to the framework. We should have the straw dog ready this morning sometime
- We are getting an uptick in comments from third parties about fringe groups and their related concerns
- Media reported that the west convoy took two hours to get through Dryden last night
- There will be traffic chaos and it will most likely last for days.

Russell

Inspector and Staff:

My apologies, I forgot to send this to you last night.

SIT REP #2 for Wednesday January 26, 2022

- PLT members still engaged and liaising with OPP PLT teams to get more accurate numbers on the different convoys travelling to Ottawa
- Some leaders of the convoy, are over exaggerating numbers, saying “1 Million truckers in convoy”, so we are relying on that front line OPP PLT intel
- Corp. Comms. have dealt with internal and external messaging and partners

- Operational Plan is still ongoing and fluid as well as the traffic plan
- External city partners (NCC, government agencies, OAC, OFD etc), all have been notified and made aware especially in downtown core
- PLT fielding questions with those Gov't agencies mainly in downtown core
- As of last night, the West convoy who are in Thunderbay had 480 MV's plus Transport trucks spanning 50 km's long
- Go Fund Me Update – at the time of this email the current amount is 5.9 million dollars, this number is expected to rise.

Respectfully,

Sgt. Louis Carvalho #1252
